

Welcome to the Munich University of Applied Sciences

European Embedded Control Institute
International Graduate School on Control 2021
Module M04: March 8-12, 2021

Travel Information

How to reach the city:

By Train: Munich central station directly connects main German cities (Berlin, Hamburg, Frankfurt) as well as main cities in the neighbor countries (Salzburg, Zürich, etc.).

By Air: You can fly to Munich airport, which is connected well to the Munich metro and train system. Take one of the two available trains (S1 or S8) from the airport to reach the central station directly. Tickets are around 10 €:

- Airport-City Day Ticket: Valid for the entire MVV network (suburban trains (S-Bahn), subway, buses and trams) for one day until 6 am the following day.
- Single Ticket (4 Zones and more): Valid for the entire MVV network (see above), changes and trip interruptions allowed no return or round trips allowed, maximum travel time of 4 hours.

Alternatively you can take the AirPort bus (17€ round trip) departing from Terminal 2, Terminal 1 (Modul A), München Airport Center (MAC) and Terminal 1 (Modul D) directly to the central station. At the airport, follow the guidance system to locate the bus station. Also see <https://www.airportbus-muenchen.de/en>

By Car: Navigate to the crossing of Dachauer Straße and Lothstraße. At Lothstraße 64 there is a parking garage available for participants of the course. It is a cannot miss spot: next to the big red MUAS cube, which is actually a main lecture classroom, you can access the parking garage.

How to reach the campus:

The main of the three campuses of the Munich University of applied Sciences (MUAS), where the course is about to take place, is located close to the city center. From the main train station, the Munich University of applied Sciences (MUAS) is only a couple of minutes away and can be reached

- on foot in approx. 25min, or
- by the U2 subway to Theresienstraße and a short walk from there (approx. 10min), or
- by the tram lines 20 (Moosach Bf.), 21 (Westfriedhof) or 29 (Hochschule München) to the stop "Hochschule München (Lothstraße)". (approx. 1min walk)

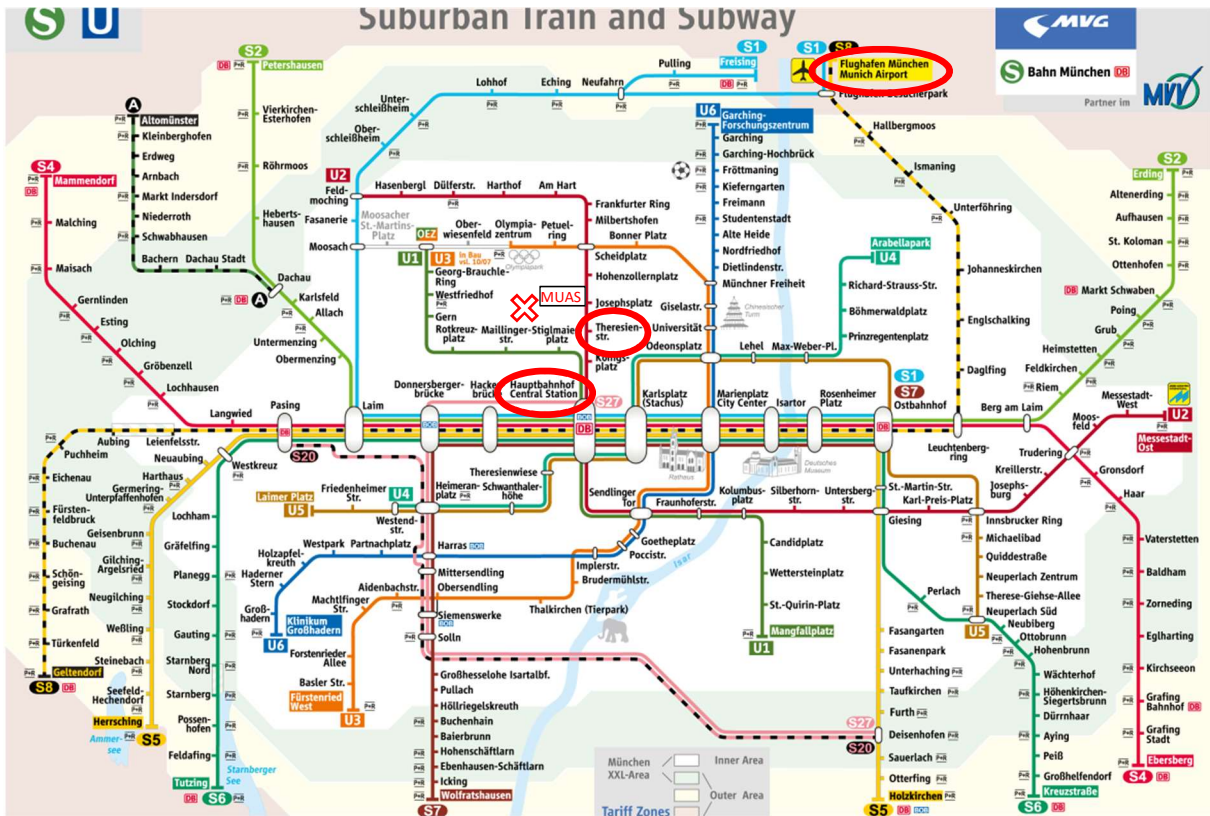

Figure 1: Public transport in Munich

The EECI M04 course will take place on the ground floor of the T-building of MUAS, which is located at Dachauer Straße 100a, 80636 Munich. It is located right behind the X-building.

For further information of MUAS:

<https://www.hm.edu/en/>

Accommodation and Restaurants

Due to its location directly in downtown Munich, you find plenty accommodation opportunities as well as restaurants and bars around MUAS.

Internet connection on the Campus

We are connected to Eduroam. If that does not work, there is another open Wifi available for login on campus.

Local Organizer
